

Village Nurseries

Opening of our pre-schools for all children from September 2020

Dear Parents and Carers,

We hope you and your families are keeping well.

We are delighted to confirm that as from the 1st September 2020 we will be open for all our children at our pre-schools. The government guidelines are limiting us to a maximum of thirty-two children on any one session, we will ensure that our existing children take priority for places.

It is likely with the recent government guidelines for Early Years Settings which may continue in September, that we will need to make several changes as to how we operate and will share this with you nearer the time. It is likely that children will be taught in smaller groups and will access all areas of our nursery environments with an emphasis on outside play. We would therefore ask parents to provide their children with warm waterproof clothing and wellington boots.

The government guidance is forever changing, and we hope very soon to have clearer guidelines for opening in September. Our parents will receive a letter from us on their first day of return, outlining the changes once we have had confirmation from the government.

We are so looking forward to welcoming our families back to our pre-schools but in the meantime, we would suggest looking at our website for fun ideas for children's learning that you can do with them at home.

With best wishes,

Roz and Nigel Parry

Directors
